

## **CMLA SPONSORSHIP PROGRAM**

Lacrosse is Canada's National Summer Sport and is often called "the fastest game on two feet". Lacrosse originated as an Aboriginal Sport and has been adopted Nationally and even Internationally. It is a unique opportunity for our youth to excel and develop in both education and life, while most importantly having fun in a safe team environment!

At CMLA we offer programs in both House League and Travel Box Lacrosse for boys & girls aged 4-22. Our sport is one of the fastest growing sports in all North America. Played by both boys and girls, it is also one of the most affordable sports, which attract many parents to the game.

Games are played at the various Arenas and Community Centres in and around Cambridge. With our teams travelling within the Zone 8 territory. Many of our travel teams will vie for provincial titles at the conclusion of the Box Lacrosse season. A great place to promote a sponsor's products & services.

We are reaching out to our community businesses looking for support for our local youth to encourage more children to participate in sport at a reasonably affordable cost. In order to keep our registration costs minimal for families we need YOU!

Our sponsorship packages are value driven, and we can work together to tailor each of the packages to your specific requests. Together we will be able to share a common goal of providing our children with an affordable, healthy, safe, and fun environment!

You can be part of our team by becoming one of our sponsors. We have numerous packages to choose from, starting from as low as \$300.00. Join us, as we continue our quest to grow the sport of lacrosse in our community!

Sincerely,

**CMLA Board of Executives**
